FAQs

Q: How do I know which van size to choose?

A: The size depends on the number of items you are moving and the size of your property. Use our guide or contact us for assistance.

Q: Can I change the van size on the day of the move?

A: We recommend deciding ahead of time, but if possible, we will try to accommodate changes based on availability.

Q: What if I overestimate or underestimate the space needed?

A: We'll always try to adjust, but it's better to overestimate to ensure you have enough room for all your items.

Packing Tips for a Smooth Move

Label your boxes: Ensure all boxes are labelled with their contents and which room they belong to for easy unpacking.

Use protective materials: Bubble wrap, blankets, and packing paper will keep fragile items like dishes, glassware, and electronics safe during transit.

Plan your move: Organize items so that heavier objects are loaded first, followed by lighter ones to avoid damage.
